THE COLYUM.

Some one told me the other day that there was a rumor out that a portion would be circulated around this county for a time foot federal road instead of the sixteen foot as planned. I presume the idea is to save money. If saving money by being cheap is all that is necessary, I would suggest that we build a concrete walk all over the county and save a lot of money. This walk would be nearly as much benefit to the county as a nine foot road, as the only way you could travel on either would be on a bicycle.

You had the lot available for circus purposes is not out beyond the railroad tracks going toward Tullahoma. Some weeks ago there was a circus wanted to come here and the bridge out north of town on the Ford's Ferry road was not strong enough to hold their wagons. From there is a concrete bridge in course of construction. You see we all like to see a circus and don't blame the city for fixing things so one can come next year but I sure would like to see a new concrete bridge down on Bellville street.

Jeff Travis will hardly speak to me now. From the way he acts every road overseen in the county must have happened on him about the piece in the "ed. yam" a few weeks ago. Of course if they all fix their roads with humps and the like, they ought to howl.

While this is not to be taken as a statement of opinion, I am favorably impressed with the talk that Mr. Morrow made a few days ago. He sure has the nerve to say right where he stands on what he says are the issues of this campaign.

Dr. Lazer was in this week to see our new linotype work. He admitted that it became necessary to cut it up that we could have to send for another design.

Some one has said that this part of the paper has been mislabeled, that I should have called it the "knocker." Maybe so but you will have to admit that I have not knocked anything yet that didn't deserve it.

I had matured criticism would be better, wouldn't it?

Death of Ada Terry

Miss Ada Terry, who passed away several days ago was buried at Hurricane cemetery. Rev. H. R. Short conducted the funeral service at the residence. Miss Ada was the daughter of Mr. and Mrs. Guess Terry of the Ford's Ferry section and one of the best families in this county. She was born in 1851 and died on Christ early morning at the Methodist church and lived a most exemplary life. For 20 years she was an invalid and for four months she was bedridden.

Marion Bay Makes Good

Marion boys have the reputation of making good when they go out in the business world, and no young man has climbed the ladder of success more rapidly than Raymond E. Minner, son of W. E. Minner of Marion.

Two years ago last August he went with the Illinois Inspection Bureau as a fire insurance cater, with no previous experience, and in the meantime he served five months in the Officers Training Camp at Camp Taylor, receiving an honorable discharge from the army last November and immediately returned to his work with the Illinois Inspection Bureau at East St. Louis, Ill. Last week Raymond was appointed manager of the branch office of the Illinois Inspection Bureau at Champaign, Ill., and is the youngest man in point of experience to land so important a position.

More Boys Back

Jesse Burcklow returned home Friday last. He left the States May 2, 1917 with the First Division, 26th Infantry. The first to go over and the last to return. He saw war through fire and waded human blood but came back hale and hearty, without a scratch. Another of our boys to lay his life on the altar of his country to give liberty and freedom to all peoples. All honor to you, Jesse, with the rest of our boys!

Henry James returned Sept. 28th, having been discharged from military service. He enlisted in May 1918 and was "over there" 12 months being connected with the medical corps. Another one of Crittenden's sons who served his country in time of need. Success to you, Henry.

Franchise Sold

Marion is to have good lights and ice. T. H. Cochran has purchased the franchise which was advertised some weeks ago in the Press.

A company of aggressive, public-spirited men like T. H. Cochran, Sam Gargenheimer and O. S. Denny is to be organized and they will replace the old plants with new and modern machinery. Under the terms of the franchise they will furnish electricity day and night. It is also the plan of the promoters to keep Marion supplied with ice.

This will certainly be quite an acquisition for Marion people and the citizens ought to get behind the enterprise, subscribe for the stock, have their residences wired for electricity and do all in their power to help the new company put Marion on the map as a city with modern conveniences.

Notice to School Teachers

The Press has a limited number of report cards on hand at 25c each. They are printed on a better grade of card board than usually found. Order them by mail or come in and get them. Only a few left.

Deck Tindor of Shady Grove, was in town Friday to hear the Morrow speech.

DUNBAR QUARTETTE.

For many years a Dunbar Quartette and Bell Ringers company was one of the most popular of Chautauqua and Lyceum organizations. The present company was organized by Ralph Dunbar of the original Bell Ringers and is most worthy to bear the Dunbar name. The members of the Dunbars appear in solos, quartettes and readings and carry 150 hand bells upon which are played some of the best overtures and solo numbers. In order to secure an especially high quality of talent the singers have all been given a four-year contract.

In selecting the repertoire of the Dunbars due attention is paid to the selection of music which is really appropriate for bells. There is none of us but what has thought of the important place which bells play in our mental activities due to their association with so many epoch-making events in our lives. Perhaps no contributor to our literature has so vividly brought out this beautiful use of bells as has Edgar Poe in his poem entitled "The Bells."

The feature which characterizes the programs of the Dunbar Quartette is the absolute blending of their selections into a complete whole. There is a consistency in these programs which has distinguished them among all the Lyceum and Chautauqua attractions of the last decade. No feature will be remembered longer than the beautiful chimes and harmonies which are introduced in their sacred selections. Their original transcription in which are heard excerpts of beautiful songs sung by the players accompanied by the bells will be counted by many the most beautiful music they have ever heard. The young men introduce a sufficient amount of humor to lighten the program properly and to sustain the reputation long held by the Dunbars as musical entertainers extraordinary.

Hamilton L. Sullivan

The subject of this memoir was born in North Carolina in the year 1837 on the 25th day of November. He came to Kentucky in his teens and settled in Crittenden county, where he lived to the day of his death, which occurred October 3, 1919, at his late residence in Marion.

He was married to Miss M. L. Sullivan November 7, 1866. After her death he was married to Mrs. Mattie Spurrer Dec. 18, 1888. Soon after their marriage she passed to her reward, and on April 4th, 1900 he was married to Mrs. N. R. Truitt, who survives him.

Four of Mr. Sullivan's children preceded him to the grave and four survive him. W. R. A. L., M. E. and J. R.

Some weeks ago Mr. Sullivan went to Nebraska and Kansas to visit his children and relatives. After enjoying his visit for a season he arranged to return home and before leaving for Kentucky he became unwell and seemed to have a presentiment that his days on earth were numbered and told his children he was coming home to die.

On arriving home he sent for his physician and after a few days under his care began to improve and his wife and friends were quite hopeful that he would speedily recover but on the afternoon of October 3rd he passed on to the great beyond quite suddenly.

Brother Sullivan was a splendid citizen, good neighbor, loving father and devoted husband. He often remarked that he soon must go but that he was ready. Peace to his memory. W. F. H.

Bacon Fry.

One of the social events of last week was a bacon-fry picnic on Thursday evening. The picnic was given by a number of the city's business women, or breadwinners as they styled themselves. Those present were: Misses Mabel Minner, Anna Findley, Mary Findley, Amelia Johnson, Lena Woods, Sallie Woods, Frances Gray, Katherine Vandell, Clara Nunn, Leaffa Wilborn, Nelle Walker, Mary Lou Wilborn, Jane Thompson, Margaret Moore and "Dude" Pierce, who on account of his growing interest and loyalty to the High School was asked to serve as "Knight-protector."

A bountiful supper of bread, bacon, ham, onions, pickles, dressed eggs, stuffed tomatoes, sandwiches, cakes and candy was served and again "Dude" came in as a handy man, furnishing and carrying the biggest watermelon of the season. After supper Miss Johnson related in her interesting and vivacious way some thrilling experiences of her life on her ranch in New Mexico. Other stories and songs added to the merriment and all reported a "sure enough" good time.

That the attendance in school is good.

That our obliging Circuit Court clerk, D. A. Lowery was in this office Monday and saw the linotype perform—By the way David was once the pupil of this pencil driver—and a good one too. Mrs. Moore and daughter, Corine left last Wednesday for Durango, Colo., hoping that climate will be beneficial to Miss Corine, who has been quite unwell all the summer. Miss Margaret Moore went with them.

That Rev. Jas. F. Price was in the Press office Monday. He voluntarily said: "I travel over many counties in the state and read many of the county papers and must say that the Press is among the very best." We thank you, Jimmie. Bro. Price was once my preceptor and was one of the best, if not the best I ever had. He is a hundle (a little one) of activity. He is an extensive reader and all of his life a close student—a walking encyclopedia.—May he live long.

That Mrs. Joel Pickens and Mrs. W. D. Sullenger were in our office Monday to see our linotype perform. W. F. H.

I SEE

Iowa is short 1000 teachers. Marion is STILL short of waterworks.

While Munfordsville, the county seat of Hart, a much smaller town than this, is putting in both water and an electric plants with a day current.

The tobacco crop of Crittenden is all housed and no frost.

That the moving of the debris of the big fire is in full swing—good!

That C. W. Haynes is still giving special attention to a sprained wrist.

That J. C. Bourland was in Salem Monday.

That the attendance in school is good.

That our obliging Circuit Court clerk, D. A. Lowery was in this office Monday and saw the linotype perform—By the way David was once the pupil of this pencil driver—and a good one too. Another by the way, he and his good wife were the first couple for whom I performed the marriage ceremony. Come again David.

That Dr. Perry's little girl, who has been quite ill is convalescing.

That Howard Phillips has sold one of his farms.

That T. H. Cochran has purchased the electric franchise for \$175.00.

That J. N. Boston was in the shop Monday to see our big linotype operate. Come again Nobe.

That Judge Carl Henderson goes to Madisonville this week to finish his term of court there.

That M. B. Moore was in to see us Monday. He is another for whom I performed the rites of matrimony. Mrs. Moore and daughter, Corine left last Wednesday for Durango, Colo., hoping that climate will be beneficial to Miss Corine, who has been quite unwell all the summer. Miss Margaret Moore went with them.

That Rev. Jas. F. Price was in the Press office Monday. He voluntarily said: "I travel over many counties in the state and read many of the county papers and must say that the Press is among the very best." We thank you, Jimmie. Bro. Price was once my preceptor and was one of the best, if not the best I ever had. He is a bundle (a little one) of activity. He is an extensive reader and all of his life a close student—a walking encyclopaedia—May he live long.

That Mrs. Joel Pickens and Mrs. W. D. Sullenger were in our office Monday to see our linotype perform. W. F. H.

Hon. E. D. Stone was in Marion Monday and reports a good crop. He has housed 20 acres of tobacco and is firing the last barn full, which is a new one just recently built.

Miss Adeline Carter arrived Sunday from Winchester, Ky., where she has been visiting her sister, Mrs. H. C. Woolf and Mr. Woolf for the past ten weeks.

Morrow Well Received

Hon. Edwin P. Morrow, republican candidate for governor spoke here to a crowded house last Friday. His address was well received by the large audience of men and women who heard him. Mr. Morrow is a finished orator of unusual ability. He is a genius socially and a man of fine personality and will no doubt receive the full support of his party at the coming election.

Hon. Henry Turner, democratic candidate for state treasurer spoke in the court house last Tuesday, in the interest of the democratic party. His speech was well received by the small audience that heard him.

James Adini Robinson, son of Rev. R. Robinson, has gone to Detroit, Mich., where he has secured a good position. He will not be home before next spring.

HOWDY.

I am here—a bona fide citizen of Marion—

One man asked me how long I expected to make this my home. My reply was, "Perhaps until the resurrection." I have spent 39 years in public life. I have sought to be true to every trust committed to my hands. The results of the sincere toil and care show for themselves.

The strain of the last eight years' arduous tasks tells keenly on my nerve force. To be true to my Master, my afflicted wife, my church and myself, I was forced to slow down and run, a while at least on low gear. I was not forced out of the active ministry. A splendid charge, and such as would entice me, was offered me. It was my choice to superannuate. So among "our" (wife and myself) kin people we decided to sojourn.

It was in Crittenden county my good father, John P. Hogard, and good, quiet country mother, Mary Hogard, who was sister to Dr. T. L. R. and Frank N. Wilson, were born

and reared. My wife was the daughter of Maxwell P. Phillips. So here we are—one of you. We are here to do our bit for our own people. One of the mediums is the Crittenden Press. Though our road has been rocky since we took charge of the plant. The big fire put us out of business completely—only saved the key to the front door. By the unstinted kindness of our good friend Joe Bourland, my son was enabled to get right on with the business. We are much crowded for lack of space to do our work and before many more moons we will be in better shape to take care of the business as well as our friends.

The Press will stand for every thing that makes good citizens—The churches, schools, pure social life, better roads, better stock, better farming etc. Very cordially,
William F. Hogard.

We place the Elizabethtown News on our exchange list. Mr. Harry Summers is one of the best of the Kentucky editors. A voluminous writer and always on the right side of every question.

Birthday Surprise

"No matter how dark and dreary the day, somewhere the sun always shines" was demonstrated last Sunday at the home of Mr. and Mrs. Sam A. Nunn, near Blackford.

The morning dawning with the sun on a vacation and a show rain falling, naturally Mr. and Mrs. Nunn were planning on a quiet day at home. One can imagine their surprise when up in the morning, cars and carriages began to appear on the scene, not only loaded with relatives and friends but with baskets of all the good things to eat that old Crittenden has the reputation for and that only our ladies know how to serve.

By the time the hands on the clock had traveled to the half way station there were fifty people there to show Mr. and Mrs. Nunn just how much they loved and appreciated them by serving for them one of the best dinners anyone ever tasted.

This surprise and pleasure for the old people had been planned by their children, all of whom were present but two, and they were too far away to get there.

Mr. Nunn is 85 years young and his wife 80, but if you had have asked them their age that day they would have probably answered, "something like sweet sixteen."

It was a delightful day for all but to Mr. and Mrs. Nunn it will be one of the sacred occupants of their memory chest where all their pleasant memories are stored away.

The democratic campaign for Crittenden county will be in charge of W. U. Howerton, chairman and Lee Morse, secretary.

SAYS NEIGHBORS GIVEN SURPRISE BY THE CHANGE

Couldn't Understand Remarkable Improvement Trutoma Wrought, Woman Avers.

Owensboro, Ky., Oct. 9.—"My neighbors who knew the condition Trutoma, are surprised to find I was in, before I began to see me working again," Mrs. Fannie Grundy, well known Owensboro woman, of 616 Trip-let street, said recently. "I'm certainly grateful for this new tonic, for it has given me more relief than any other medicine most all of them" she added.

"I had been troubled with indigestion of the stomach for the past 20 years. My bowels were in a very bad condition. I would be severely constipated for three or four days at a time and laxative I'd have a hard time to check the bowel action. Naturally I became very weak."

"I had been bedfast for six weeks before I began taking Trutoma. You can imagine my surprise, when, at the end of the first week's treatment I was able to get out of bed and began to do my housework again. I'm eating food now that I haven't dared to touch in the past two years. Why, I can even eat corn bread now and that's one food that used to make me very sick. I have never before given a testimonial for any medicine, but I feel that the public should know of the wonderful relief I've gained from a dollar bottle of Trutoma."

Trutoma is now being introduced and explained in Marion at J. H. Orme's drug store.

Sapping the Public Schools of Kentucky

Taxes Going Up; Teachers Underpaid

Under Stanley Democratic rule, in the three years 1915, 1916, and 1917, the equalized value of all property assessed for taxation in Kentucky has increased the enormous sum of \$427,274,184. During the same period, the amount distributed by the state to the counties to pay the salaries of school teachers has only increased the pitiful sum of \$45,784.97.

Taxpayers, This Is Your Business

The new tax law making this huge increase in taxes was passed to raise more money for general state expenses, to pay off old debts and to give more money to the public schools. If this law has raised enough money to pay general expenses and to help pay off some old debts, why has the school fund not received a proportionate increase for the education of your children?

The School Teachers' Merry-Go-Round

The records show that in 42 counties in Kentucky, the salaries of school teachers were more in 1919 than in 1917, 1918 and 1919. They also show that in 71 counties the salaries were more in 1918 than in 1917 and 1918. This has forced hundreds of teachers to travel from one county to another seeking better pay to meet the high cost of living. In one county in Kentucky, out of 104 teachers last year, only 22 returned this year. In another county only seven out of 48 returned. In another county only 5 out of 18 returned. In one of the largest and best counties of the state only one rural teacher has not changed location within the past five years.

Holding Up the Teachers' Pay

In the same month that Governor Stanley approved the law cutting down the teachers' salaries, the state owed the teachers for back pay, \$548,722.04. Three months later this amount had jumped to \$1,452,837.44. On June 30, 1919, the state still owed the teachers for back pay \$683,434.87. In 1917, the first month's salary was paid in October after three and a half months of teaching. The final payment was not made until August, 1919, eight months after the close of the session. Last year a law was passed to remedy this, but at that salary are still running late. In addition to having their salaries cut, the teachers also have their pay held up.

Cutting Down the School Year

Three months after Governor Stanley signed the bill cutting down the teachers' pay the school year was cut from 7 months to 6 months. The children were deprived of a whole month's schooling. This year, the school year ending June 30, 1920, was kept at 6 months instead of being put back to 7 months, thus depriving the children of another month's schooling. Two-and-a-half months' schooling in two years is place of 11 months.

Gilbert's "Sore Toe" Book

Supr. Gilbert's printing bill is costing the taxpayers three times what they paid under Governor Wilson (Republican). Among the books paid for by the taxpayers at a cost of \$15,000, was the famous "Sore Toe" book, compiled by the equally famous Dr. W. L. Haiser, whose "Physiology" was ridiculed by the leading Democratic newspapers of the state. This "Sore Toe" book tells little Johnny how to strap up a "puncture" in his foot, warns little Jennie not to eat more than once a day, tells on dad to shave off his whiskers, tells mother to wash an egg before boiling it, and demands the killing of all dogs and cats.

Gilbert's Extravagance

The minute Supr. Gilbert got into office he began filling up his own office, at Frankfort, with clerks and stenographers. The salaries in his department have gone up to three times what they were under Governor Wilson (Republican). The Democratic legislative probe committee of 1918 condemned the Bureau of School Inspection for giving salaries to people who did no work, but there has been practically no change. Morrow will change it.

Text Book Commission Farce

The Stanley Text Book Commission changed many of the books in the grades and would have asked the parents of the children \$5,000,000 more for their books, but the whole adoption was thrown out by the Court of Appeals. Urged by leading Democrats all over the state to also throw out the Text Book Commission, Governor Black turned a deaf ear and by the time a new adoption was made the publishers were so deluged that many schools have been forced to get along with old books, and some of them won't get the new books at all for proper work this year.

FORDS FERRY

The barbecue at Clements-burg proved quite a success even though the weather was not very favorable. There was a large crowd and about fifty soldiers and sailors present. In the afternoon the soldiers drilled quite a bit and then later marched up to the ball ground where there were two very interesting ball games, as our team played Caseyville and Tolu. The scores were, Fords Ferry ten, Caseyville five and Fords Ferry six and Tolu five. Every one had a delightful time and we parted with very thankful hearts that our creator had given us the opportunity to meet with each other and those boys who so nobly had done their duty to help maintain the liberty of this fair land of ours.

It is common knowledge that the Republican Party in Kentucky is a "one man" party—solely in the control of A. T. Hert. It was shown at Lexington where the rank and file of the party were disfranchised of their primary rights and forced to accept a slate already prepared for them.

Witness the high handed methods of Searcy, Hert's man "Friday", in his treatment of George W. Jolly of Owensboro who was clearly within his rights in seeking preference at the primary. Witness also the disgraceful primary election in the negro ward in Louisville where the Republicans did not dare let the negroes vote as they wished.

Put Morrow in the Governor's chair at Frankfort and Kentucky will be governed from Louisville. It will be dominated by this one man whose interest is selfish and whose purpose is clearly to use Kentucky merely as a stepping stone to influence and authority in National politics. Hert will push the button! Searcy will pull the string! And Morrow will do the jumping!

See the big Nobbs

A great road gripper—a sure enough non-skidder and non-slipper.

Makes easier riding and easier driving. More safety, more comfort—more mileage.

'Nobby' is a United States Tire, —which means none better. Just right for our roads.
